OBJECTIVE

To leverage my technical proficiency and rapid learning abilities to contribute to innovative development projects and deliver value.

WEB PROJECTS

- **PicsMart** - Crafted a college mini-project by integrating ReactJS and OpenAI's API, yielding an inventive image generation platform. [view](#)
- **Netflix** - Developed a high-fidelity clone of the Netflix official website using ReactJs, showcasing proficiency in frontend development and UI/UX design. [view](#)
- **BuildCon** - Designed a creative Bootstrap site for business portfolio. [view](#)
- **Vegan Store** - My first html, css and Javascript based completely responsive website. [view](#)
- **Tic-Tac-Toe** - Developed a game using solely vanilla Js, highlighting coding finesse and creative design. [view](#)
- **Portfolio website** - Showcased personal projects adeptly through a dedicated portfolio platform, demonstrating effective presentation and professionalism. [view](#)

EDUCATION

- Bachelors of Technology in IT** 2020-2024
Nagpur University, Maharashtra
- HSC** 2019-2020
D. B. Science College, Gondia, Maharashtra
